Restless Children: We come to Mass to Worship God. This can be difficult if children are running amok in church during Mass and it make it more difficult those other to hear. Can I ask parents if their child is a bit restless would you please take them to the vestibule where there are seats for them and yourselves. You can still hear Mass as there is speakers there and still bring your children up for blessing at Holy communion. Children are part of our family and are most welcome but I had a few complaints from others so I would ask you, let us deal with this situation so that all can hear Mass. I know it is not easy but let's give it a try.

A Prayer Gift. The best gift we can give to those with the parish, the sick, those who grieve or suffer is prayer but at the same time we need to pray for those who may have no joy at this time namely the homeless and those destitute. This gift does not cost but through its power perhaps many will benefit.

We still have no confirmation as to the use of Votive candles and communion given under both Species. I would imagine that will be the last thing to be implemented.

Covid New Update: There is no need to book seats for Mass. Masks still must be worn. Hand cleaning as usual and also contract tracing still applies.
